**General Information about the Checksheet:** Superscripted annotation after the course number (1) indicates core course of the degree. Additionally, [F,S] in credits column indicates that a course is known to be offered only in terms when shown (F=Fall Only and S=Spring Only). Course offerings are subject to change due to the availability of sufficient resources. Students should confirm course offerings in advance with their department.

**Pathways to General Education (Pathways)**

**Change of Major Requirements:** Please see [https://enge.vt.edu/undergraduate/Undergraduate\\_changing\\_major.html](https://enge.vt.edu/undergraduate/Undergraduate_changing_major.html).

**Foreign Language Requirements:** Students must have had 2 years of foreign language in high school or one year at the college level (6 credit hours) of the same language. College-level credits used to meet this requirement do not count towards the degree.

**Satisfactory Progress Towards Degree:** University Policy 91 outlines university-wide minimum criteria to determine if students are making satisfactory progress towards the completion of their degrees. The Myers-Lawson School of Construction fully supports this policy. Specific expectations for satisfactory progress for CEM majors are as follows:

- Each student must meet the minimum University-wide criteria as described in Policy 91 and summarized in the Undergraduate Catalog (<http://www.undergradcatalog.registrar.vt.edu>.)
- Upon completion of 70 hours, students must have completed CEM 2104 and CEE 2814 with a C- or better and have a minimum 2.0 in-major and a minimum 2.0 overall GPA.

**In-Major GPA:** consists of all courses taken under the CEE, CEM and BC designation.

**Statement of Hidden Prerequisites:** Pre-requisites for each course are listed after the course title. The letter grade notation, such as (C-) indicates the minimum grade students must earn in the pre-requisite course. There are no hidden pre-requisites in this program of study.

**Graduation Requirements:** Students must pass all required courses and both the in-major and overall GPA must be at least 2.0 for graduation.
